# GREETINGS FROM THE MAYOR

Welcome to the 2019 Spring and Summer Clearview Township Activity Guide.

It would be my hope that you will find opportunities to explore and discover Clearview Township inside the pages of this guide. Clearview is such a wonderful place to live. We are blessed with beautiful landscapes, the wonders of our natural environment, and the friendliest people anywhere in Ontario! If you have an interest in rural culture or a taste for the urban fare, you may find it here. If you don't find what you are looking for in this guide, then please take a look online at our Discover Clearview website, [discoverclearview.ca](http://discoverclearview.ca).

Clearview Township is celebrating its 25th anniversary this year. We've come a long way since 1994! Recreation services and community cultural celebrations are all part of the Clearview experience. Come out and meet your neighbours at one of our Small Halls events, or cheer on the local teams and show the province that rural living is something we celebrate every day.

You can stay connected to Clearview Township by visiting our website, [clearview.ca](http://clearview.ca) or explore the tourism opportunities at [discoverclearview.ca](http://discoverclearview.ca)

# CYCLING

## CLEARVIEW-COLLINGWOOD TRAIN TRAIL

**Difficulty: Easy**

**Length: 14 km (each way)**

Station Museum, Collingwood to Station Park, Stayner  
Spanning from Collingwood to Stayner, the Clearview Train Trail is a crushed gravel, linear trail connecting to the Collingwood Train Trail. It follows an abandoned rail line which used to be part of the Ontario Simcoe and Huron Railway system connecting Collingwood to Toronto and was built between 1851 and 1855. Prior to its abandonment in 1960, passengers enjoyed views of the tranquil landscape along the way. Now used as a multi-use trail, hikers and bikers can enjoy this flat railbed, stopping in either Stayner or Collingwood for lunch or a break. [www.discoverclearview.ca](http://www.discoverclearview.ca)

## CREEMORE LOOP

**Difficulty: Moderate/Advanced**

**Length: 60 km (loop)**

**Start: Fisher Fields Park, Collingwood**

Heading counter clockwise out of the Town of Collingwood, the first portion which passes the Collingwood International Airport is relatively flat and perfect for your warm up. After crossing County Road 91 you enter more challenging rolling terrain. But the challenge is worth it, as you have multiple opportunities to view the beautiful Mad River along the way. If you are looking for an opportunity to stop and soak up the culture, be sure to take a break in Creemore, approximately half way through your ride. This town, known for it's mouth watering restaurants and coffee shops, has art galleries, shopping and more! On your way back in to Collingwood, be sure your legs are ready for the Fairgrounds Road climb, which is a difficult but short climb to a fantastic view of Georgian Bay.

## CYCLESIMCOE.CA

Go online to check out more routes, maps and to view a complete listing of cycling events across South Georgian Bay.

## CYCLEANDSTAYSGB.CA

"Cycle & Stay South Georgian Bay" gives you the opportunity to explore and take in the sights of the beautiful South Georgian Bay region while cycling from one Bed and Breakfast to another. Create your own itinerary! Participating B&Bs are located either on or in very close proximity to cycle routes. If you are not back-packing, arrangements may be made to have your luggage transported to the next Bed & Breakfast on your itinerary (an extra charge may apply). Most B&Bs are within walking/cycling distance to local restaurants.

**Safety Issues? Too many cars? Poor air quality? Not enough walking or wheeling to school?**

In Stayner, parents, teachers, principals, public health nurses, police, Town staff and elected officials are getting together to talk about a solution to these issues—School Travel Planning (STP).

For more information, please contact Ruth McArthur, Public Health Nurse (SMDHU) at 705 445-0804 ext. 7619

### What is School Travel Planning?

School Travel Planning aims to get more students walking and wheeling (cycling, scootering etc.) to and from school by looking at the barriers (e.g. safety) and opportunities (e.g. reducing air pollution) within each school community and creating a plan to address them.

### A Few Benefits

- More walking and cycling means kids are active and healthier, and come to school refreshed and ready to learn.
- Fewer cars around schools increases safety and decreases air pollution.
- More students and families walking or wheeling to school makes everyone easier to see and puts more eyes on the street for safety.
- Walking and wheeling gives kids the chance to get to know their neighbourhood and to develop confidence and independence.

## Creemore Log Cabin – early 1870s, relocated 2011

First built at the edge of the village (at George and Mary streets) and constructed with trees harvested locally, this is the last original log house in Creemore. Its first residents were James & Abigail Scarrow and their ten children. Early in the 20<sup>th</sup> century, Joseph & Emily Veitch made it their family home, followed by their daughter, Hazel (Veitch) Shaw. Its last resident, Marlyn Shaw, lived in it alone for many years.

Over time, the cabin's exterior was radically altered, and its interior changed, but the basic structure remained. Early in this century, community volunteers raised funds to save the building and to reconstruct it centrally in the village on vacant former railway land. Owned by Clearview Township, the cabin is financially supported and administered by volunteers. It serves as a venue for cultural exhibits and programs. "History Hosts" welcome visitors on Saturday mornings from Victoria Day to Thanksgiving,

## North America's Smallest Jail – 1892

Under the direction of the village Constable, this little "lock-up" served for half a century as a secure place to jail lawbreakers. For offences like drunkenness or disturbing the peace, inmates were lodged here over night. Those charged with more serious crimes were held here until transported to the County Sheriff in Barrie.

The lock-up not only jailed lawbreakers, it occasionally provided social service. From its earliest years – and especially in the 1930s Depression – "tramps" found short-term shelter here and were fed at village expense.

In the 1940s, new provincial police regulations closed this local lock-up. In the 1960s it re-opened as a tourist attraction, promoted as "North America's Smallest Jail." Although other communities may contest the claim, Creemore continues to affirm its title as a village with "a big heart and the smallest jail." From May through October, the little lock-up is open daily to the public.

# WHAT IS GEOCACHING?

Geocaching is a real-world, outdoor treasure hunt game that uses the GPS on your smart phone. The Clearview Geocache Challenge invites locals and visitors to find geocaches hidden throughout the community, while also learning about the history and natural beauty of Clearview Township.

There are 25 Geocache locations, once you find 10 or more Clearview Geocaches, come to the Clearview Township Administration Centre to claim your prize pack! The challenge runs from May 31 until September 2, 2019; however, the legacy of the Geocache locations will live on as permanent locations.
